SCAD Explores Cooperation with "Daman" " in Furtherance of Strategic partnership and Statistical Integration

Statistics Centre - Abu Dhabi held a meeting with the National Health Insurance Company "Daman" on Monday, September 5, 2016. The meeting was attended by HE Butti Al Qubaisi, Director General of Statistics Centre - Abu Dhabi and a number of SCAD officials, to discuss cooperation in areas of common interest and look into ways of exchanging experiences and building technical capacity, in such a way as to support the objectives, goals, visions, policies and strategic plans and programs of both parties, and lay the foundations for statistical integration, instill energies, develop skills and provide access to information and knowledge, with a view to meeting the needs of both sides and supports sustainable development plans all levels.

HE Butti Al Qubaisi reiterated SCAD's commitment to foster closer cooperation with local and federal government agencies in the endeavour to build an advanced statistical system that provides high quality indicators in terms of accuracy, timeliness, relevance to the needs of the different categories of users. HE Al Qubaisi also praised the vital role played by Daman in development in the health insurance and the innovative approach it pursued in this regard, using state-of-the-art technology and the best practices in this field and supported by a highly qualified team to serve all members of the emirate's society.

About Statistics Centre – Abu Dhabi (SCAD)

Statistics Centre – Abu Dhabi (SCAD) was established in 2008 in accordance with Law No. (7), to develop and organize statistical work in the Emirate of Abu Dhabi in particular and the United Arab Emirates in general. SCAD's purpose is to produce statistical information that is consistent with the Emirate's orientation towards sustainable development and strategic plans under the supervision and with full support of the Executive Council of the Emirate of Abu Dhabi.

Being the official statistical data collection agency in the Emirate of Abu Dhabi, the centre assumes the functions of preparing the statistical plans and programs that serve the emirate's wider development programs, conducting statistical surveys across the emirate. SCAD is also responsible for the collection, classification, storage, analysis and dissemination of official statistics and the release of the results of social, demographic, economic, environmental and cultural surveys.

The activities of the centre will encompass all areas relating to social conditions in accordance with relevant international standards and ethics, such as independence, professionalism, impartiality, objectivity, confidentiality, cost effectiveness and quality of statistics.
